Moov
Spirit V505 TV

Navigate and explore, relax and watch.

Wherever you go, the V505 TV's 4.7" widescreen helps you get the most out of navigation and also gives you Digital TV in sharp detail. The V505 TV auto-tunes itself, so you can find what's on quickly and easily. Brightness, volume and other controls are adjusted simply by using the touchscreen or the remote control* and the integral Programme Guide shows the date, time and channel of your favourite shows up to a week ahead.

Ultra-slim yet packed with features, the V505 TV's Spirit software includes Explore Mode to help you discover more on your journey and at your destination. Text to Speech provides spoken road names and numbers and also help to key in addresses while TruMap™ views show the way clearly with additional speed limit warnings, Lane Guidance and Junction Views.

Connect the V505 TV to MioMore™ Desktop via your PC or laptop and use Local Search to find all kinds of fun things to do at your destination. You can also plan your journey on Google™ Maps, as well as upload NavPix™ and Flickr® geo-tagged photos of thousands of exciting destinations.
